

## **connectTel WELCOMES NEW SOLUTION ENGINEER**

PITTSBURGH, PENNSYLVANIA, July 23, 2019— connectTel Inc., a national landline and wireless telecommunications management, consulting and brokerage firm, teams up with Chris Quinet who is joining them as Solutions Engineer. Previously associated with Consolidated Communications, Chris will now be serving as a carrier agnostic technical resource for connectTel internal staff and external customers.

“Chris will fill a critical role at connectTel as many of our customers have complex voice and data networks. His knowledge and skillset will enable us to build the right solutions regardless how many carriers are needed to support a client’s telecommunications infrastructure.”

Chris lives and breathes telecommunication technologies, relentlessly focusing on streamlining services to produce the most efficient results. Besides enjoying his career, Chris and his wife take delight in raising and spending time with their 3 children.
